HOW TO ADD A CLIENT

POSSIBLE DUPLICATE CLIENT

01 If a client’s information is similar to an existing CAREWare record, you will see the message stating “The client you are adding is a possible duplicate.”

02 Select the client from the list and select View More Information to review additional client information.

03 Compare client information to determine if this is the same client.

04 If it is the same person, click This is the same client. The existing client record will be displayed. If it’s a new client, click This is a new client. Doing so will create a new client record. If the client matches multiple clients in the database, click Back and repeat step #2.
